Re: Acme Scrap Iron & Metal Co.
Ashtabula County
Industrial Wastewater

CERTIFIED MAIL

August 28, 1981

Mr. Sam Simon, President
Acme Scrap Iron & Metal Company
State Road at 21st Street
Ashtabula, Ohio 44004

Dear Mr. Simon:

As previously sent in a letter dated July 16, 1981, the following are enclosed:

Instructions on the requirements and procedures for submitting "Detail Plans".

An Application for a Permit to Install.

In our telephone conversation today, you stated that plans on facilities to control the escape of oil from your property to Fields Brook would be received by our office next week. We must remind you that any further delays in resolving this matter only brings us closer to referring your company to the Director for enforcement action.

Should you have any questions on the instructions or applications, do not hesitate to call me.

Yours truly,

Dennis E. Lee
